## Special Offer

Dear Customer,

Early spring is often a slow time for our business. We don't like to send our technicians home early. So what does this have to do with you? Well, it is a time when you can save some money. In the last few months, we provided an estimate for plumbing or heating work to you. (We have attached a copy of the estimate, just in case you misplaced yours.) If you call us before March 15<sup>th</sup> and schedule the work to be done you can save an additional 10% off of the estimate we provided for you (May not be combined with any other offer). This is on top of avoiding the New Year price increases on materials and labor. Remember, we accept Visa, MasterCard, Discover, and American Express, so you can charge it and pay for it later. Perhaps even pay for the work with your income tax refund.

Call us today to schedule the work. Remember our professionals are always ready to answer your questions. Hurry this is a limited time offer!

Thanks for Calling Burton & Sons Plumbing and Heating.

Sincerely,

Todd Burton  
Owner
